EDUCATION

University of Minnesota

Bachelor of Science in Mathematics and Computer Science 3.97/4.0

Duluth, MN

Aug. 2024 – May 2028

EXPERIENCE

Undergraduate Research Assistant (Junior Developer)

May 2026 – Present

University of Minnesota

Duluth, MN

- Collaborating with University faculty to design, develop, and implement full-stack Next.js solutions for a Duluth-area non-profit.
- Engineering an accessible web-based platform that addresses healthcare and food security needs among underserved communities in Duluth.
- Utilizing Next.js, React, and Tailwind CSS to create a responsive and user-friendly interface.

3M STEP Intern

Jun. 2023 – Aug. 2023

Right Track / 3M Global Headquarters

Maplewood, MN

- Worked within the Mechanics Group at 3M's Corporate Research Analytical Lab. Performed adhesive strain energy release rate tests, contributing to optimization of material performance.
- Created custom Python scripts to read and process test data and compile findings into technical reports.

Production Bakery Student Worker

Nov. 2025 – Present

University of Minnesota Duluth Dining Services

Duluth, MN

- Prepare and package bakery products for sale in the University of Minnesota Duluth Dining Services
